ART JOURNEY AT THE LIBRARY

11 – 25 JULY 2015

PRE-LAUNCH PARTY 10 JULY AT 7 PM

SECRET ART POP-UP GALLERY in collaboration with THE ART PARTNERS invite you to the exciting art journey into the contemporary art world, which will take place inside the Library Private Members Club.

Located on St Martin's Lane, opposite the Coliseum in Covent Garden's theatre land, Library offers its members a place to congregate, debate, inspire and escape. Founded by Ronald Nodoro in 2014, Library is a hub for creativity and innovation. Inspired by literature, Library has sustainability at its core.

This event will bring together new and promising artists, each of them has his own eminent and striking creative style. With different cultural backgrounds, from Africa to Japan, they will share their personal story with sophisticated admirers of art in the heart of Covent Garden. Amongst the artists are: Merlin Ramos, Alex J Wood, Anastasia Belous, Daisuke Sakaguchi, Malgosia Stepnik, Marina Borozna, Mary Wintour, Mike Ballard, Lewis Bailey and Eliseo Pau.

Marina Borozna creates an abstract motif by repetition of the poses of woman body where the erotic narrative is seen as something purely, aesthetically charged. In her art works Marina confronts and challenges fundamental perception of femininity in relation to modern culture and society.

Another artist represented in the exhibition is Mike Ballard, who explores abstract forms through video installations, paintings and digital prints.

Guided tours will be offered by the curators. Guests of the event will be welcomed by performances, with opportunity to talk with the artists in the relaxing and enjoyable atmosphere of the club.

The exhibition is open for viewing from 11 July to 25 July, Mon-Sat from 11:00 to 19:00. By appointment only. Please contact [info@secret-art.com](mailto:info@secret-art.com) or [info@theartpartners.com](mailto:info@theartpartners.com)

Entrance to Pre-launch by invitation only.
